1.2.10
a Lesson in the University of The New Covenant
Theodore Cottingham, January 20, 2004

1. Write My words. Write My words. Write My words and please keep writing My words and calling My Body to the position that you know that I have opened to them, that I have had open, that I have had open, that I have opened and I have not closed. And now I open wider and wider and I call My Body to Me.

I call My Body to come, to see Me, to seek Me, to hear Me, to hear My words and write My words. Write My words and My presence. Write My words as I give them. Write My words and risk and be entrepreneurial in Me.

2. Fear not failure. Fear not the mockery of men. Fear not those who do not want to mature in Me. Fear not those who want to constrain and constrict and control. Fear not the powers who reign or the powers who want to reign, but fear only forfeiting your future in Me, and the foundations which I have purposed and pre-laid into your design to receive Me and what I am doing.

And in the new things I am doing, you will come forth, you will come forth in the ability commensurate with your ability to risk in Me, commensurate with your determination to mature in Me, to know Me and write My words. I love you. I love you.

3. Hear Me, and hear Me well, hear Me this day. Hear My cry. Hear My heart, hear My plea. This, the writing of My words, is for everyone that will come before Me and humble themselves, purify themselves and allow Me to speak directly.

4. Over and over throughout these months, throughout these weeks, throughout these pages I have spoken, I have written and My penman has penned, My typist has typed, My man has used technology to give permanence to My words and distribute them ever so freely—freely, without charge, without any cost, without any exchange except for your openness to receive them.

5. Open to Me, open to My words, open to Joel 2 released and look at the prophecies, the words that I foretold hundreds and hundreds of years ago, hundreds and hundreds, and even thousands. Some have received My words and many have not.

6. Stand up this day. Stand up this day and arise to My design fully in you of what you can walk in, of where you can walk, of what you can do, of who you can know, the answers you can have, the wisdom you can apply, the understanding which will paint pictures of panoramic beauty and color, and joys deeply within you.

7. I come, I call, and I confirm. I confirm that I Am, and that I call, and that I confirm and that I use technology and that I have given technology for My purposes. Shrink not back from using every aspect of technology I have given and that which I will reveal at My knee, at My knee.

8. Go forward and enjoy Me. Write your books, write your books—the books of My words—each one of you individually—to you—for you, and for My body all. Be willing to fail so you can grow. Grow. Grow and arise. Arise.

9. Easy? Did I say it was easy? I never said it was easy. I said My Grace covers all. I Am. You are. Come to Me and let us be one. Open to Me and the new things I am doing so that I can arise you to the leadership that I have for you. I thank you. I thank you. I love you and I thank you.

10. Formidable will be the forces of unified meek ones, humbled before Me that will write My words and hear My voice and bring about My design of freedom in My body. Many things need to change, and must change, and can only change with instructions from Me—My wisdom imparted into the listening—to those that will hear, those that will take time, those who will make Me a priority, care for My words, cherish My words, write My words, distribute My words.

11. Those who can risk, I can mature and I can lead into leadership mature who will leadership all leadershippable.

12. I arise you this day. I arise you Ted, Amy, and every Ted and Amy who will but listen to Me and come to Me. You choose. You choose. You choose this day and you choose every day.

13. You choose every sunset and every sunrise what you will do and how you will respond to My call to open to Me and write My words—pen in hand, tablets on laps, computers and digitized devices, speech recognition systems that have only barely begun. So many new things before you to facilitate the permeation of My words going forth in My Body, with permutations of self-tainted interest not, but purity, purity, purity flowing on love.

14. Maturity comes forth in My body, bursts forth. Burst forth and ban not the writing of My words, not in you, not in yours, or those in your influence. But encourage. Encourage. Affirm. Confirm and allow My words to come forth and mature My Body and receive the inventions and develop the delivery systems that will work to deliver the exchange of all exchanges coming forth in My Body. I love you. Mature.

15. **Be vulnerable to Me, to Me, to Me only. Open to Me like you have never opened to Me before and let Me speak. Let Me speak this day. Write My words. Write My words and tender be with others who write My words**.

16. And you agree or you don't agree, you confirm or you don't confirm. But re-orient your thinking this day to facilitate the young, the nimble seeking nimbleness in My Kingdom to come forth strong in My strength. Tender. Tender be with each other.

17. Much space, much grace, much wisdom displayed. Thank you. Thank you. I give you praise for praising Me. I glorify you for glorifying Me. I stand with you for

coming to stand with Me, and I bow at times, even as you bow before Me. I honor you for you honor Me.

18. Arise this day, take My scepter, My sword, My wisdom and My words and go forth arisen, leadershipped, strengthened to leadership and strengthen My body—arisen in beauty, splendor, majesty.

19. I thank you. I thank you. I thank you.

20. I thank you everyone who will receive My message to you this day and I bless you. Amen.
